

DynaLoc™ Storage Magazines

Safe, secure storage and transportation of testing kits and medical supplies

In this uncertain time, security is of the utmost importance. Providing safe storage and transportation of pop-up testing site supplies, DynaLoc Day Boxes can be used to secure a variety of items. From testing kits, medical devices and essential personnel PPE, to ammunition for security personnel, U.S. Chemical DynaLoc Day Boxes provide a secure and portable storage solution.

Type 3 Day Boxes & IME/DOT Transportation Day Boxes

- Lightweight day boxes are ideal for the transfer and temporary storage of valuables
- Weather-resistant, theft-resistant and fire-resistant
- Single lock door system features welded-on hinges and hasps—cannot be removed when the door is closed and locked
- 12-gauge steel construction lined with ¾-inch of hardwood (day boxes) or a laminate interior (IME/DOT transportation day boxes)

DynaLoc™
Explosive Storage Magazines
